

NoF 2016

7th International Conference on Network of the Future

November 16-18, 2016
Búzios, Rio de Janeiro, Brazil

CALL FOR PAPERS

The Network of the Future conference is the premier annual conference that covers advances in the area of Future Internet design, with emphasis on enabling technologies, architectures, and services. The conference aims at providing a forum for researchers, students, and professionals to exchange ideas, share their experiences, and discuss their research results around a single-track of technical sessions and a series of keynote speeches.

After the successful editions of Network of the Future in Brisbane, Australia (2010), in Paris, France (2011 and 2014), in Tunis, Tunisia (2012), in Pohang, South Korea (2013), and in Montreal, Canada (2015), the seventh edition of Network of the Future will be held in Búzios, Rio de Janeiro, Brazil, on November 16-18, 2016.

NoF 2016 is technically co-sponsored by IEEE and the IEEE Communications Society and supported by the Brazilian Computer Society (SBC). Accepted and presented papers will be published in the conference proceedings and submitted to IEEE Xplore as well as other Abstracting and Indexing (A&I) databases.

TIMELINE/DEADLINES

Paper submission: ~~July 31, 2016~~ **August 29, 2016**

Acceptance notification: **September 23, 2016**

Camera-ready paper: **September 30, 2016**

Conference: **November 16-18, 2016**

TOPICS OF INTEREST FOR SUBMISSION INCLUDE, BUT ARE NOT LIMITED TO

- Technologies for Future Internet
- Autonomous and self-organized networks
- Quality of service and traffic engineering
- Machine-to-machine networking
- Content distribution networks
- Femtocell networks
- Green computing
- Small Cells
- Cloud computing and networking
- Mesh, ad hoc, and sensor networks
- Advances in cellular networks
- User-centric networking
- Information-centric networking
- Social networking, crowdsourcing, cloud services
- Cyber-physical systems and the Internet of Things
- Network protocols and architectures
- Self-Management frameworks
- Wireless and mobile networks
- Security, trust, and privacy challenges
- Mobile Internet applications
- E-services and smart cities
- Software-defined networking and network function virtualization
- Vehicular ad hoc networks and intelligent transportation systems

Submitted papers must present original, unpublished research, or experiences. Work-in-progress reports from ongoing research are also encouraged. Papers must be limited to 5 pages written in English (maximum of 2 additional pages allowed - 7 pages in total - with over-length page fee). Papers should follow the IEEE double-column conference paper template and should be submitted in PDF format via EasyChair on <https://easychair.org/conferences/?conf=nof2016>. Submission instructions can be found at <http://www.network-of-the-future.org/submission.html>.

General Chair

Otto Carlos M. B. Duarte, UFRJ, Brazil

TPC Chairs

Marcelo Dias de Amorim, CNRS, France
Marcelo G. Rubinstein, UERJ, Brazil

Local Arrangements Chairs

Miguel Elias M. Campista, UFRJ, Brazil
Pedro Braconnot Velloso, UFRJ, Brazil

Publication Chair

Stefano Secci, UPMC, France

Publicity Chair

Michele Nogueira, UFPR, Brazil

Financial Chairs

Igor Monteiro Moraes, UFF, Brazil
Luís Henrique M. K. Costa, UFRJ, Brazil

We welcome your contributions and look forward to your participation at NoF 2016.
