

Wireless Days 2014

CALL FOR PAPERS

November 12-14 - Rio de Janeiro - Brazil

www.wireless-days.org

General Co-Chairs

Luís Henrique M. K. Costa, UFRJ, Brazil
Miguel Elias Mitre Campista, UFRJ, Brazil

TPC Co-Chairs

Artur Ziviani, LNCC, Brazil
Cigdem Sengul, Oxford Brookes University, UK
José-Marcos Nogueira, UFMG, Brazil

Publication Co-Chairs

Josep Domènech, UPV, Spain
Marcelo Gonçalves Rubinstein, UERJ, Brazil

Publicity Co-Chairs

Daniel Fernandes Macedo, UFMG, Brazil
Aline Carneiro Viana, INRIA, France
Marc St-Hilaire, Carleton University, Canada

Local Arrangements Co-Chairs

Igor Monteiro Moraes, UFF, Brazil
Pedro Braconnot Velloso, UFF, Brazil
Yacine Ghamri-Doudane, U. La Rochelle, France

Patrons Chair

Célio Vinicius N. Albuquerque, UFF, Brazil

Keynote Sessions Chair

Nelson Fonseca, UNICAMP, Brazil

Description

The Wireless Days Conference is a major international conference which aims to bring together researchers, technologists and visionaries from academia, research centers and industry, engineers and students to exchange, discuss, and share their experiences, ideas and research results about theoretical and practical aspects of wireless networking.

After the successful editions of 2008 in Dubai, 2009 in Paris, France, 2010 in Venice, Italy, 2011 in Niagara Falls, Canada, 2012 in Dublin, Ireland, and 2013 in Valencia, Spain, the seventh edition of Wireless Days will be held in Rio de Janeiro, Brazil, on November 12-14, 2014. Wireless Days 2014 will include presentations of both theoretical and experimental achievements, innovative wireless systems, prototyping efforts, case studies and advances in technology related to wireless networking and communication infrastructures.

Topics

Wireless Days 2014 is technically co-sponsored by IEEE and IFIP. All accepted and presented papers at the conference will be published in the main conference proceedings and submitted to IEEE Xplore. The Wireless Days 2014 program will be split into the following six conference tracks:

- **Track 1:** Ad Hoc and Sensor Networks
- **Track 2:** Wireless Network Protocols and Applications
- **Track 3:** Vehicular and Delay Tolerant Networks
- **Track 4:** Broadband Wireless
- **Track 5:** Wireless Models and Simulations
- **Track 6:** Wireless and Mobile Network Management.

Submission

Authors are invited to submit full papers via the EDAS Conference Management System. Only original papers describing previously unpublished, not currently under review by another conference or journal, addressing state-of-the-art research and development must be submitted. Papers must be written in English and must follow the instructions in the IEEE conference template file available in both LaTeX and Microsoft Word format.

The first page should include paper title, an abstract of about 150 words, 3-5 keywords indicating the paper topic area, name and affiliation of author(s) as well as the corresponding author's e-mail and postal addresses. Maximum paper length is 6 printed pages (in IEEE format). Up to 2 extra pages will be permitted at the cost of € 80.00 per additional page. These guidelines are strict: papers failing to adhere to the guidelines (by being more than 8 pages, altering margins or not being in IEEE format) will be rejected without consideration of their merits.

Important dates: Submission deadline: July 20, 2014 (extended deadline), Notification of acceptance: Sep 12, 2014.

Technical Co-sponsors
